

Special Education Newsletter

*Education is the most powerful weapon in which you can use to change the world.
Nelson Mandela*

As we prepare to close the 2020-2021 school year I would like to take a moment to reflect. This may have been the most challenging year of my career, but this year also showed me how resilient I could be. I was fortunate to witness the same resiliency in the staff and students. Special Education can be very complex without a global pandemic, but we continued to overcome the many obstacles brought about by this new normal. I would like to thank all the parents who were flexible and supportive throughout the many changes this year. Thank you to all the staff members for their unwavering commitment. I have remained the most impressed by our students. They are undoubtedly super heroes in my eyes who were up for the challenge. We all will come out of this stronger than ever. Wishing you all a very restful summer.

Dr. Henderson
