

Special Education Parent Advisory Group

Special Education Parent Advisory Group

What is a Special Education Parent Advisory Group (SEPAG)?

A Special Education Parent Advisory Group, or SEPAG (sea-pag) is a state-mandated, district-level, parent-driven group charged with providing input to the local school district on system-level challenges in special education and related services.

What is the purpose and function of a SEPAG?

A SEPAG gives parents the opportunity to provide direct input to their school district about policies, programs, practices, and services that have an impact on students with disabilities and their families. Suggestions and recommendations are non-binding, but will be strongly taken into consideration.

Any topic may be considered for discussion except matters pertaining to an individual student, personnel issues, and items which are subject to the collective bargaining process between the Haddonfield Education Association and the Haddonfield Board of Education.
